

Thinking Lab: Projecting the Barcelona of the Future. 22@ 2030

This year, in its 10th Edition, with the title **Thinking Lab: Projecting the Barcelona of the Future. 22@ 2030**, the workshop has been designed in collaboration with BIT Habitat- Ajuntament de Barcelona and is centered on the study of the Barcelona of the future, focusing on the 22@ innovation district and responding to the urban needs of the Barcelona City Hall.

Participating students will work on a real present challenge, and their final projects will be handed to the city. The start and final projects presentation will have place in Ca l'Alíer, building of the Urban Innovation Centre of BIT- Ajuntament de Barcelona, in the 22@ district.

This is a unique opportunity to collaborate in the creation of a new city, both at Urban and Project levels.

The Workshop consists of guided visits, conferences and multidisciplinary projects workshops related to topics such as environment, architecture and construction.

You can find more detailed information of the program at <https://www.salleurl.edu/en/education/architecture-workshop-thinking-lab-projecting-barcelona-future-22-2030>

The course is 4 weeks long, from the 25th June to the 19th July 2019, and the cost is 1980€ (accommodation is not included)
